

# SMARTCOUNT™

## EDGE PLUS

### Visualize your production goals today!

SmartCount Edge PLUS Counter is the perfect solution to count and display real-time production of your machines. The PLUS comes with 7 templates to choose from to allow you to display the metrics that matter most to you. Simply connect an input (photo-sensor, push button, foot pedal, etc.) to the controller and add an HDMI cable and HDTV. No programming required, sets up in minutes. Display rate, Actual vs. Target, Distance, etc.

*simple to use, easy to set up*
