

Another innovative product from the leader in production counting solutions

PROLINE

Shot Clock

OVERVIEW

The ProLine Shot-Clock Timer is perfect for setting timed alert notifications.

Easily set the time and press start. The shot clock will count up or down to the set time, send an output, automatically reset the time, and automatically begin again.

Easily let the operator know how much time they have to finish the task at hand.

Create a sense of speed to motivate operators.
